Profile

I am a hardworking person, honest and hungry for knowledge. In that search and thanks to my knowledge of the English language and my passion for technology, I found the Python language, which has given a new meaning to my life, since thanks to this knowledge that I have acquired and that I continue to acquire, I can aspire to expand the professional field in which I can operate in these times of pandemic in which many people do not find employment because of the field in which they operate.
