JOB EXPERIENCE

2020-2021

KLEVER 4 SOLUTIONS

Junior Python Developer

- Test and debug programs.
- Review applications source code.
- Improve the functionality of existing programs.
- Create web applications with Python.
- Troubleshoot runtime issues and errors.
- Help in the creation of a web app to allow the search for services as requested and allow the management of appointments of the different businesses that provide these services.
- Evaluate and prioritize function solutions.

PROFILE

I am a hardworking person, honest and hungry for knowledge. In that search and thanks to my knowledge of the English language and my passion for technology, I found the Python language, which has given a new meaning to my life, since thanks to this knowledge that I have acquired and that I continue to acquire, I can aspire to expand the professional field in which I can operate in these times of pandemic in which many people do not find employment because of the field in which they operate.

EDUCATION

2001

Centro Colombo Americano

English Proficiency
